**CONTINUATION OF COMPLAINT:****Francisco Carlos SANCHEZ-Mejia****PROBABLE CAUSE STATEMENT**

On January 24, 2008, Senior Patrol Agent M. Escoto was patrolling an area near Tecate, California. At approximately 8:30 Am., while patrolling the area Agent Escoto responded to seismic sensor activation. This area is approximately five miles west of the Tecate , California, Port of Entry and is frequently used by undocumented aliens to further their entry into the United States. Agent Escoto noticed some footprints in this area and started following them north. Agent Escoto found a single individual hiding in a canyon. Agent Escoto identified himself as a United States Border Patrol Agent and asked the defendant later identified as Francisco Carlos SANCHEZ-Media, what country he was a citizen of. The defendant stated that he was a citizen and national of Mexico and did not posses any immigration documents allowing him to enter, be or remain in the United States legally. At approximately 8:45 am, Agent Escoto placed the defendant under arrest and transported to the United States Border Patrol Brown Field Station for processing.

Routine record checks of the defendant revealed a criminal and immigration history. The defendant's record was determined by a comparison of his criminal record and the defendant's current fingerprint card. Official immigration records of the Department of Homeland Security revealed the defendant was previously deported to **Mexico on September 12, 2007 through San Ysidro, California.** These same records show that the defendant has not applied for permission from the Attorney General of the United States or his designated successor, the Secretary of the Department of Homeland Security, to return to the United States after being removed.
